

College Connect *by Siembra* for High School Student Families

GETTING MORE STUDENTS INTO COLLEGE.

A Bilingual Mobile App to stay on track.

Provides an efficient means of communication via mobile messaging.

Allows colleges and universities to send timely mobile educational interventions for college.

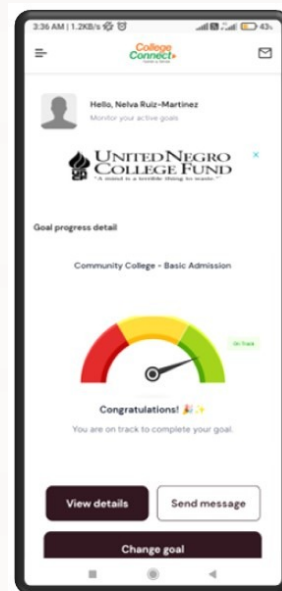

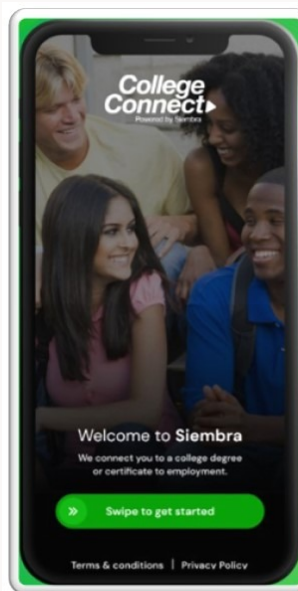

Connecting students with college outreach coordinators and university admissions earlier.

Improve college acceptance rates connecting each stakeholder in the college recruiting matrix.

An opportunity to connect all students in an equitable and inclusive way directly to higher education in the post SAT environment.

“Siembra extends opportunities to higher education for more students connecting admission teams directly with them.”

– Joseph L. Brown, PhD, Assistant Dean of Inclusion, Diversity, Equity Education and Graduate Recruitment, Stanford University
