Principal's Message

Welcome to the Home of the Wildcats and to the 2022-2023 school year!!!

It was an incredibly difficult year, one for the history books, but we continued to meet those challenging times with courage, resilience, perseverance, and grit. I am proud of the work we did together. Despite the challenges, our students focused on learning and made academic gains.

This year marks my 4th year as Principal of Wilson Elementary School. I am just as excited to serve our learning community as I was on day one, and I am eager to start off the year and see the wonderful things it has in store for us. This is my 18th year with the Colton Joint Unified School District, and each year brings new learning opportunities. I am looking forward to welcoming our students, staff, families, and the entire Wilson community in the next few weeks.

In our quest to maximize learning outcomes for all students, our teaching staff and support personnel are focused on providing an academically rigorous and relevant educational program for each of our learners. Our curriculum is supported by a variety of evidence-based instructional strategies, teacher-developed assessments, and enrichment programs to meet the individual and diverse needs of our students. Woodrow Wilson Elementary School is a Professional Learning Community, where every member of our community works collaboratively and diligently to ensure that all students are academically successful. After all, we are training tomorrow's leaders!

We emphasize traditional values while promoting self-esteem, global awareness, problem-solving, and a desire for lifelong learning. In addition to academic growth, we also expect our students to experience growth socially and emotionally through our emphasis on Positive Behavioral Interventions and Supports (PBIS) and Social Emotional Learning (SEL). We model our four behavior expectations, which we sum up as ROAR: Respectful! On-Task! Always Safe! and Responsible! Our commitment to helping students build strong principles, social skills, and resilience will assist in solidifying this foundation. In order to support us with this endeavor, we have a PBIS team consisting of our teachers, coaches, a parent, our counselor, and administrators.

Families, establishing and maintaining home and school connectedness is vital. Studies have shown that when parents are actively and authentically engaged in their child's learning, there is a positive impact on the child's overall achievement. Therefore, we want to continue to foster partnerships among our parents, students, and staff to create a warm, caring, and supportive environment, where all students will succeed. Some opportunities for family involvement include PTO, School Site Council, ELAC, classroom volunteering, PBIS ROAR Store, and field trip chaperoning. To volunteer in your child's classroom or to accompany your child on a field trip, please visit the office for a volunteer packet to complete. Please be sure to visit our website and follow us on Facebook and Twitter for regular updates on school activities and events. I'm looking forward to another incredible year here at the Home of the WILDCATS!

Your Proud Principal,
Dr. Cynthia Coello

Mission

The staff, students and parents of Wilson School believe education is the key that opens the door to future success; which allows our students to be literate, responsible and productive members of society.

Vision

Success at School, Home, and Community through Education and Cooperation.

School Description

Woodrow Wilson Elementary School is located in the southern region of Colton and serves students in grades transitional kindergarten through six following a traditional calendar. At the beginning of the 2021-22 school year, 483 students were enrolled, including 17.2% in special education, 18.8% qualifying for English Language Learner support, and 78.5% qualifying for free or reduced price lunch.

Physical Fitness

In the spring of each year, Woodrow Wilson Elementary School is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test (PFT) for students in California schools is the FITNESSGRAM. The main goal of the test is to help students in starting life-long habits of regular physical activity.

The FITNESSGRAM has six parts, though California currently requires five parts be completed annually, that show a level of fitness that offer a degree of defense against diseases that come from inactivity. The test results can be used by students, teachers, and parents. Comparative District and state results can be found at the CDE's web site www.cde.ca.gov/ta/tg/pf.

Physical Fitness Test Percentage of Students Meeting California Fitness Standards 2021-22					
Grade	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
5	48%	48%	43%	48%	43%

Note: Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas.

Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

CAASPP Test Results in ELA and Mathematics - All Students						
	Percent of Students Meeting or Exceeding State Standards					
	School		District		State	
	20-21	21-22	20-21	21-22	20-21	21-22
English-Language Arts/Literacy (grades 3-8 and 11)	N/A	34.0	N/A	31.0	49.0	47.0
Mathematics (grades 3-8 and 11)	N/A	27.0	N/A	17.0	33.8	33.0

Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Percentages are not calculated when the number of students tested is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning (Basic Services) – State Priority 1: Degree to which teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials and school facilities are maintained in good repair. Covered in *Teacher Preparation and Placement*, including the Teacher Credentials & Misassignments chart; *Instructional Materials*, including the Textbooks chart; and *School Facilities & Maintenance*, including the Campus Description and School Facility Good Repair Status charts.

Conditions of Learning (Implementation of State Standards) – State Priority 2: Implementation of academic content and performance standards adopted by the state board for all pupils. Not covered in the School Accountability Report Card.

Parental Involvement – State Priority 3: Efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. Covered in *Parent Involvement*.

Pupil Achievement – State Priority 4: Performance on

standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with a 3 or higher, and share of pupils determined prepared for college by the Early Assessment Program. Covered in *California Assessment of Student Performance and Progress*, including the CAASPP charts.

Engagement (Pupil Engagement) – State Priority 5: School attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, and high school graduation rates. Covered in *Dropout & Graduation Rates*, including the Dropout chart; and *Graduation Requirements*, including the Graduation Rate chart for high schools only.

School Climate – State Priority 6: Pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, and parents and teachers on the sense of safety and school connectedness. Covered in *Discipline & Climate for Learning*, including Suspension & Expulsion chart; and *School Site Safety Plan*.

Conditions of Learning (Course Access) – State Priority 7: Pupil enrollment in a broad course of study that includes all of the subject areas. Not covered in the School Accountability Report Card.

Other Pupil Outcomes – State Priority 8: Pupil outcomes in the subject areas. Covered in *Physical Fitness*, including the Physical Fitness Test chart.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through flyers, school newsletters, the school marquee, Facebook, Twitter, the school website, and Q-Communication (automated message delivery system). Contact the principal or any office staff member at (909) 580-5015 for more information on how to become involved in your child's learning environment.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance

and campus supervision. Woodrow Wilson Elementary School's original facilities were built in 1935; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. The schools most recent inspection was completed November 22, 2022. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. In the last 12 months, the following campus repairs or improvements were in planning or in process:

- Classroom and parking lot addition
- ADA issues

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and an evening crew are assigned to Woodrow Wilson Elementary School. The day custodian is responsible for:

- Classroom cleaning
- Cafeteria setup/cleanup
- Restroom cleaning
- Trash removal
- Vacuum
- Event setup/cleanup

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening crew is responsible for:

- Cleaning desktops and whiteboards
- Office area cleaning
- Restroom cleaning
- Trash removal

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Facilities Inspection

The district's maintenance department inspects Woodrow Wilson Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Woodrow Wilson Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Tuesday, November 22, 2022. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2022-23, all restrooms were fully functional and available for student use at the time of the inspection.

County Williams Settlement School Inspection Results

On an annual basis, the San Bernardino County Superintendent of Schools conducts Williams visits to monitor school sites to evaluate sufficiency of instructional materials and to ensure that school site facilities are in good repair and that any deficiencies are accurately reported in the School Accountability Report Cards. The most recent facility inspection completed by the county took place on 8/19/2022. Results of the inspection and corrective action taken by the district are provided in the table below.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the principal, the assistant principal, the custodian, noon duty aides, and cafeteria staff are strategically assigned to designated entrance areas and the playground. During recess, teachers supervise playground activity. The principal, the assistant principal, and noon aides monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, the principal, the assistant principal, and teachers monitor student behavior to ensure a safe and orderly departure.

Woodrow Wilson Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Woodrow Wilson Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in January 2022.

Classroom Environment

Discipline & Climate for Learning

Woodrow Wilson Elementary School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Progressive discipline and proactive measures are employed in the classroom for those students experiencing difficulty following school rules and demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

Data collected during the 2020-2021 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic

Curriculum & Instruction

Staff Development

All training and curriculum development activities at Woodrow Wilson Elementary School revolve around the California State Content Standards and Frameworks. During the 2021-22 school year, Woodrow Wilson Elementary School held staff development training devoted to:

- ELPAC Training
- English Language Development (ELD)
- English Language Arts & Mathematics
- Professional Learning Communities (PLC's)
- Technology Training

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Woodrow Wilson Elementary School supports ongoing professional growth throughout the year on minimum days. Teachers meet in grade level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training sessions as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2021-22 school year, Woodrow Wilson Elementary School's teachers attended the following events hosted by the Colton Joint Unified School District:

2020-21 Training:

- Alludi (Online, Self-Paced PD for All Staff)
- CA Induction Program
- Colton Cohort (Orenda Data Review Sessions)
- Distance Learning Strategies (including Technology Tools) Equity
- Instructional Leadership Teams (Focused on Strategies to Support English Learners)
- Quality Teaching for English Learners (QTEL)

2021-22 Training:

- SBSS Standards for Math Practices
- Cognitive Coaching
- HSS Alive
- TEL
- Trauma Resource Institute
- Web Training

2022-23 Training:

- Educational Technology
- Parent Project
- Science Training
- Dual Immersion CAFE
- Positive Behavior Interventions and Supports (PBIS)
- Restorative Practices
- Differentiating Instruction
- LETRS Training
- DIBELS Training
- Professional Learning Group

Woodrow Wilson Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Instructional Materials

All textbooks used in the core curriculum at Woodrow Wilson Elementary School are aligned to the California Content Standards and Frameworks. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's eight-year adoption cycle for core content materials (English/language arts, math, science, and social science). The TK materials are from the district's most recent local adoption as there is no state board adoption list for these materials.

On Thursday, September 15, 2022, the Colton Joint Unified School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution No. 23-10 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to

take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2022-23 school year, Colton Joint Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

Professional Staff

Counseling & Support Staff

Woodrow Wilson Elementary School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Woodrow Wilson Elementary School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Academic Counselors & Other Support Staff (Nonteaching Professional Staff) 2021-22		
	No. of Staff	FTE
Academic Counselor	0	0
Counselor	1	1.0
Health Assistant	1	0.9
Library Media Technician	1	0.7
Nurse	1	0.2
Psychologist	1	0.5
Speech Therapist	1	1.0

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time.

Teacher Preparation and Placement

The charts below identify the number of teachers at Woodrow Wilson Elementary School, Colton Joint Unified School District

and the State who are 1) fully credentialed; 2) intern credential holders who are properly assigned; 3) teachers without credentials and misassignments; and 4) credentialed teachers who are assigned out-of-field under ESSA.

The charts also report Woodrow Wilson Elementary School information related to 1) the number of teachers on permits and waivers; 2) the number misassigned; 3) the number of vacant positions; 4) the number of credentialed teachers authorized on a permit or waiver; 5) the number of local assignment options; 6) the percent of misassignments for English Learners; and 7) the percent with no credential, permit or authorization to teach.

SARC Data

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about Woodrow Wilson Elementary School and comparisons of the school to the district and the county. DataQuest is a dynamic system that provides reports for school accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard

contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation and the ability to print documents.

Disclosure

The statistical information disclosed in this report is obtained from the California Department of Education and the Colton Joint Unified School District. At the time of publication, this report met all SARC-related state and federal requirements, using the most current data available. Data to prepare the instructional materials and school facilities sections were acquired in January 2023.
