IV. <u>OLD BUSINESS</u>

None.

### V. <u>NEW BUSINESS</u>

CBOC Membership

The district continues to recruit to fill the roles of parent or guardian of a child enrolled in the district, taxpayer organization, and senior citizen group representatives.

Crestmore Elementary Curb Appeal and Playground Structure

The playground structure and surface are complete. The district did not use bond funds to pay for the projects. The architectural services for this project were combined with the curb appeal project to get economy of scale. The curb appeal project was bid out, but the prices were too high, so the project will be rebid. Supply chain shortages, labor price increases, and labor shortages continue to impact projects. Construction will be completed next summer when students are not in session.

<u>Professional Learning Center/Board Room at 900 East Washington</u> The plans have been approved by all required agencies. The district is currently bidding the project, and construction will begin in August 2022.

### Bloomington High School AV/Lighting/Rigging Project

The infrastructure is 70% complete, and the rigging is ongoing. Due to the microchip shortage, the lighting parts should arrive in December.

### Colton High School CTE Building

Phase 1 to repurpose the kitchen is approved. Phase 2 to renovate the existing dining area is under review, and the district has applied for a seismic grant. Both phases of the project will be bid once all plans are approved.

### Colton High School Auditorium Rigging/Seating Replacement

The rigging and seating were bid separately since trades are so different. Rigging will take approximately 160 days to complete, and seating will take XXX days to complete.

<u>Grand Terrace Elementary New Classroom and Parking</u> The Lions Club building will be demolished to add a drop off area and parking lot to take traffic off of the street.

<u>Grand Terrace Elementary Campus Fire Alarm Upgrade</u> The district plans on completing the fire alarm upgrade to include all buildings on campus.

<u>Terrace Hills Middle School New Classroom, Admin, and Fire Alarm Upgrade</u> Currently the admin building at Terrace Hills Middle School is on the upper level This project will relocate the admin building to the lower level and convert the existing admin building to classrooms and teacher work room as well as add additional classrooms and restrooms. The district is currently working on the next steps of the design process.

<u>Terrace View Elementary TK/Kinder Classroom Building Addition</u> Terrace View Elementary School will require additional classrooms with the implementation of the Universal TK. The district will apply for state matching funds to assist with the cost of the classroom additions. Wilson Elementary New Classroom and Parking
