#### REGULAR MEETING September 20, 2007

**ACTION ITEM** 

TO: Board of Education

**PRESENTED BY:** Casey Cridelich, Assistant Superintendent, Business Services

SUBJECT: Approval of Contract with PediaStaff for Speech Therapist Services for 2007-08 School Year or Until the Current Positions Are Filled,

**Whichever Occurs First** 

As with all school districts in the State, the District has been actively recruiting speech therapists each year to fill its vacancies. For the most part, nearly all candidates graduating from college are hired into private industry by profitable clinics. State and federal regulations mandate

uninterrupted speech/language services for students who are required to receive them. Not offering adequate speech services is a sure way of

losing very expensive special ed due-process hearings.

The District currently has 4 FTE unfilled positions and has been unsuccessful in its efforts to attract and retain viable candidates. To fulfill this effort, the District proposes to address this shortage in the following ways:

- 1. Human Resources is scheduling its staff to attend job fairs and the like in out-of-state locations just for this purpose.
- 2. The San Bernardino County Superintendent of Schools was asked and is experiencing the same shortages.
- 3. The District also proposes to engage a speech services clinic to assist in securing viable candidates. PPS has contacted six (6) firms and PediaStaff is one which has turned in a viable proposal. The attached contract has been reviewed and revised by County Counsel.

BUDGET IMPLICATIONS:

General Fund – Special Ed Funding. PediaStaff would provide the following services:

- 1. Per clinician on loan to the District: \$55-\$65 per hour plus travel expenses. This calculates out to about \$12,000 per month. There is no long-term advantage except to have a clinician providing service. If we wish to hire a particular clinician on-loan, then the placement charge would be \$5,000 each after 13 months of service.
- 2. For clinicians that have not worked in the District for 13 months, Pedia's placement charge is \$10,000 for the first placement and \$7,500 each thereafter. It would be up to the District to retain this person.

- 6. Miscellaneous:
  - a. PediaStaff does certify that it subscribes to the Equal Employment Opportunity practices of federal and state governments. PediaStaff will refer all qualified candidates without regard to race, color, religion, sex, age, disability, marital status, or national origin.

| GOAL:                   | Budget Planning  |  |  |
| BACKGROUND:             | The Unaudited Actuals report is the District's 2006-07 financial statements for each fund. Education Code Section 42100 requires the governing board of each district to approve an annual statement of all receipts and expenditures of the district for the preceding fiscal year and file the statements with the Superintendent of Public Instruction (SPI). The format that these are present in is the Standardized Account Code Structure or the "SACS Forms". This is format prescribed by the SPI. Legally, the Board is required to have a full copy of the report within its Board packet as the assertion of the certification is the Board is approving the whole document and has had access to it.  The following pages show a recap of important statistics and amounts that are used to continually evaluate the District's financial performance.  At this time the Board is being asked to approve the 2006-07 Unaudited Actual Report. |  |  |

Total General Fund (unrestricted and restricted) revenues in 2006-07 are \$191.2 million and \$184 million in expenditures. The <u>Unrestricted</u> Net Increase in Fund Balance is \$1.58 million. This is an increase of \$2.39 million from the 2007-08 Adopted Budget's Estimated Actuals Projected Change in the General Fund Ending Balance. Changes are detailed as follows:

| Over budgeted Unrealized Revenues (revenue limit and interest)      | \$ (222,096)   |
|---|----------------|

As proof, the District will be using \$7M of the one-time June Deferral in 2007-08 to keep from deficit spending. The 2006-07 General Fund components of the ending fund balance are:

2006-07 Period 2 (P-2) Average Daily Attendance (ADA) is 22,942.54. However, based on prior year funding guarantee for declining enrollment districts the 2006-07 revenue limit funding is calculated on 23,090.62 ADA. This is a decline of 148.08 in ADA, which the District is allowed one year budget realigning period by the state. Base revenue limit in 2006-07 is \$5,540.64 per ADA.

**Board of Education** 

PRESENTED BY:

Casey Cridelich, Assistant Superintendent, Business Services

SUBJECT:

Approval of Additional Reimbursement of School Developer Fees Paid by KB Homes

GOAL(s)

Facilities / Support Services

**BACKGROUND:** 

KB Homes is requesting an additional refund of fees paid for certain lots located within CFD #3 which was formed on September 21, 2006. KB Homes was granted a \$958,427.45 refund at the June 21, 2007 Board Meeting. KB Homes did research and discovered that one lot was not included in the original refund. This omission was because the Tract Map Number was not included on the original paperwork submitted for the Certificate of Compliance.

Due to the mitigation of developer impact fees through the formation of Community Facilities District ("CFD") No. 3, KB Homes is entitled to a refund of the fee payments pursuant to Section 10 of the School Facilities Mitigation Agreement, executed September 21, 2006.

The Certificates of Compliance issued are as follows:

The Local Educational Agency shall spend an amount equal to 20 percent of its Title I allocation unless a lesser amount is needed to comply to satisfy all requests for supplemental educational services.

Based from parents' requests, Birney, Grant, Lincoln, Smith and Wilson Elementary Schools have offered this program. These schools will continue to offer supplemental services in 2007-08, and additional program improvement

## REGULAR MEETING September 20, 2007

**ACTION ITEM** 

TO: Board of Education

**PRESENTED BY:** Casey Cridelich, Assistant Superintendent, Business Services

SUBJECT: Approval of Colton-Redlands-Yucaipa Regional Occupational

Program (CRY-ROP) Master Agreement for Programs and

Services for the 2007-08 School Year

GOAL: Student Performance, Personnel Development, Community Relations

& Parent Involvement

**BACKGROUND:** Pursuant to Ed Code 52300 et seq., CRY-ROP is authorized to establish and maintain Regional Occupational Program activities at various locations within the District pursuant to the Grants of Authority

contained in the Joint Powers Agreement.

The only difference between this year's and last year's agreement is that in the past the District paid about \$170,000/year to the ROP to teach vocational classes it was unable to adequately staff. These were sections of: Electronics Technology, Automotive Technology and Welding Occupations. Because of a change in legislation, the ROP will still be offering these classes, but will claim the ADA rather than the District claiming the ADA. The District still keeps in full ADA intact. The only procedural change will be that students must be enrolled in the "absolute minimum" of 240 minutes per day before they can enroll in an ROP class. After research, it was found that students already are enrolled for the absolute minimum in District sponsored classes before enrolling in ROP classes. Furthermore, Redlands USD and Yucaipa CUSD have operated in this manner for many years.

CRYROP Forensic Science/CSI has been offered at both CHS and BHS since last year. The schedule was changed so that Law Enforcement is offered first semester, and CSI is offered second. Classes not reflected on the attached grids are:

- Forensic Science/CSI (replaces Law Enforcement Occupations)
- Physical Therapy Aide (replaces Sports Medicine)
- Medical Assistant Front Office (replaces Medical Terminology)

Also, attached are the Fall 2007 offerings by campus.

BUDGET IMPLICATIONS:

The annual savings of nearly \$170,000 has already been programmed into the District's 2007-08 to 2009-10 budget realignment plan.

### REGULAR MEETING September 20, 2007

**ACTION ITEM** 

TO: Board of Education

**PRESENTED BY:** Casey Cridelich, Assistant Superintendent, Business Services

SUBJECT: Adoption of Resolution 07-14 for Approval of Delegation of Authority to Sign Change Orders for Construction Projects for the

2007-08 Fiscal Year

GOAL(s) Facilities/Support Services

BACKGROUND:

A change order for a construction project is the addition or reduction of the scope of work defined in the original contract documents. By law, the total dollar amount increase in change orders may not exceed ten percent of the original contract amount or else the District must either go out to formal bid for the change order or have the Board approve the

change order per Public Contract Code 20118.4(a)(2).

San Bernardino City, Rialto and Redlands Unified School Districts passed this same resolution and have authorized their staff to approve change orders below the ten percent without limits. Fontana Unified School District takes all change orders for Board approval.

Staff is proposing that they be authorized to approve changes to the extent of the lesser of \$80,000 or ten percent of the original contract price in order to avoid holding up any ongoing project by waiting for the next Board meeting.

The past two years has shown that the change orders on the modernization projects seemed to be under control. Typically in modernization projects, districts budget 10% in contingency because of the uncertainty of remodel projects. New construction needs a contingency of at least 5%. Attached are schedules from the construction management firm showing that the BHS Mod project and the CHS Mod project averaged 3.4% and 6.23% in change orders, respectively. The reason why CHS change orders are higher is because of the extensiveness of the termite and dry rot damage in Buildings R (home ec) and S (administration). This additional work is being funded by the Williams Emergency Repair Program (ERP).

**Ed Code 35161:** "The governing board of any school district may execute any powers delegated by law to it or to the district of which it is the governing board, and shall discharge any duty imposed by law

D-29

upon it or upon the district of which it is the governing board, and <u>may</u> delegate to an officer or employee of the district any of those <u>powers or duties</u>. The governing board, however, retains ultimate responsibility over the performance of those powers or duties so delegated."

The Board can delegate authority to James A. Downs, Superintendent and Casey Cridelich, Assistant Superintendent, Business Services to sign change orders, not to exceed the lesser of \$80,000 or ten percent of the original contract price for all District construction projects during the 2007-2008.

In order to keep the Board informed at every Board meeting, the Business Office will include a recap of every change order by contractor approved between meetings in the Study, Information and Review Section of the agenda.

In case there are any after-the-fact ratifications of contracts and/or their related change orders; they will be immediately shared with the Board and brought forward as an action item with explanations and alternatives on how to proceed.

# BUDGET IMPLICATIONS:

**RECOMMENDATION:** 

Construction change orders would be approved by staff to the extent of the lesser of \$80,000 or 10% of the original contract.

That the Board adopt Resolution 07-14 for Approval of Delegation of Authority to Sign Change Orders for Construction Projects for the 2007-08 Fiscal Year.

**ACTION:** 

On motion of Board Member \_\_\_\_\_ and \_\_\_\_\_, the Board adopted Resolution 07-14 for Approval of Delegation of Authority to Sign Change Orders for Construction Projects for the 2007-08 Fiscal Year.
